Sir:

Applicants acknowledge with appreciation the notice of allowance dated February 12, 2007, and request consideration and entry of the supplemental information disclosure statements referenced herein.

First, Applicants request consideration and entry of the supplemental information disclosure statement, which was forwarded to the Patent Office on June 10, 2005. Copies of the supplemental information disclosure statement filed June 10, 2005, and the accompanying Form PTO/SB/08 are enclosed for the examiner's consideration. Public Patent Application Information Retrieval (PAIR) records confirm the Patent Office's receipt and entry of the supplemental information disclosure statement into the application file on June 13, 2005.

Because the supplemental information disclosure statement dated June 10, 2005 was filed before the mailing date of any of a final action, a notice of allowance, or an action that otherwise closed prosecution in the application and was accompanied by a statement under 37 C.F.R. §1.97(e)(1), the "information disclosure statement shall be considered." *See* 37 C.F.R. §1.97(c).

Applicants also would like to draw the examiner's attention to an additional supplemental information disclosure statement, which was forwarded to the Patent Office on February 8, 2007. Because the additional supplemental information disclosure statement dated February 8, 2007 was also filed before the mailing date of any of a final action, a notice of allowance, or an action that otherwise closed prosecution in the application and was accompanied by the fee under 37 C.F.R. §1.17(p), the "information disclosure statement shall be considered." *See* 37 C.F.R. §1.97(c).

Should the examiner wish to discuss any matter of form or procedure, she is respectfully invited to telephone the undersigned attorney at the indicated telephone number.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP
